

MMH Outpatient Lab Procedures Return to MMH Main Campus

Effective Monday, May 4, MMH Outpatient Lab Procedures are returning to the MMH Main Campus. These services will no longer be located at the Mountain View Therapy Pediatric Rehabilitation Center.

Montrose Memorial Hospital is safe for patients and family members. One way we are providing a safe environment is to continue asking patients and visitors to wear a mask upon entry.

We look forward to seeing you there!

Please enter through our normal entrance. If you do not bring a mask of your own, we will lend you one.

If you have any questions,
please call the MMH Lab at
(970) 240-7220
